**STAKEHOLDER CONSULTATION INVITATION FOR PROJECT DESIGN**  
**Blue Carbon Credit Project in Cà Mau Province**

Dear Sir or Madam!

Save the Children International and the Ca Mau Union of Friendship Organizations are working on designing “The Blue Carbon Credit Project in Ca Mau” with technical support from Save the Children Global Ventures and Carbon Neutral. The project aims to restore and protect 1,500 hectares of mangrove forests and promote sustainable shrimp farming in Lam Hai, Tam Giang Dong, and Tam Giang communes, Nam Can District, Ca Mau Province. By registration under the **Gold Standard for Global Goal (GS4GG)**, the project will contribute to:

- Restore and protect at least 1,500 hectares of mangrove forests
- Support 1,400 shrimp-farming households in adopting sustainable practices
- Generate verified carbon credits (GS VERs)
- Improve household income, health, and education through community benefits

More detailed information could be found in the attached project non-technical information.

We cordially invite you to attend the upcoming community consultation meeting:

**Time:** 08:30 AM – 12:00 PM, June 05, 2025

**Format:** Online platform (*link meeting via Microsoft Team will be sent to registered participants later*)

**Agenda:**

- Welcome and introduction
- Project overview and objectives
- Explanation of anticipated impacts (both positive and negative)
- Safeguarding principles and Grievance mechanisms
- Open discussion and Q&A
- Next steps and sustaining commitment

We look forward to hearing your valuable feedback. Please confirm your attendance **by May 15, 2025**, via the registration link:  
<https://kobo-ec.savethechildren.net/x/xEJgJNPp> or scan the QR code here:

If you are unable to attend the consultation workshop, you could send your suggestions/comments using the attached feedback form, online survey form at <https://kobo-ee.savethechildren.net/WpE5dOTx> or scan QR code here:
